

We are **NRG**Systems

WE ARE RELATIONSHIP PEOPLE

We Believe in Outstanding Customer Support

We are dedicated to making our customers' lives easier. Whether you are speaking with our knowledgeable and attentive sales team or receiving in-the-field support from our Technical Services experts, we are with you every step of the way.

Quick, Hassle-Free Shipping

Our products ship quickly and efficiently so you can install them sooner. We deliver to remote regions and offer free surface shipping whenever possible.

Our Global Network is Here For You

Our sales team, dealer network, and technical partners span the globe. No matter where you are, we are ready to meet your needs at all stages of project development and operation.

Vision:

Our planet powered by sustainable resources.

Mission:

To shape our future with smart technologies for global resource sustainability and climate challenges.

NRG Technical Services in China

WE ARE BELIEVERS IN SIMPLICITY AND USABILITY

NRG Systems' remarkably user-friendly sensors, measurement systems, and remote sensing solutions are designed with our customers in mind. Our products can be found in more than 150 countries—a testament to their versatility and ease-of-use.

SymphoniePRO® Data Logger

WE ARE PIONEERS

35 years ago, we revolutionized the way wind resource assessment was done. Today, this heritage of innovation informs everything we do. We are still dedicated to designing and manufacturing smart technologies for a more sustainable planet—that is why our product line has grown to include tools for a range of wind, solar, and meteorological applications.

About Our Facilities

Our manufacturing facility prioritizes efficiency and sustainability. By investing in advanced technologies and powering our building with renewable energy, we have minimized our environmental impact and essentially prepaid our energy bill for the long term.
